

Mars Procurement Leadership Experience

Programme offered in UK and Germany/Poland

Join Mars on a Mars Procurement Leadership Programme and shape a more prosperous future - for your community, for the planet and for yourself. From the moment you come aboard you'll be exposed to our suppliers, identify the best strategies to get the best materials or services for Mars while making sustainability a priority.

At Mars, your tomorrow starts today.

A day in the life of an Associate

Explore the whole supply chain from farm to factory, from factory to consumer. From day one you will be placed in a real job and during three 12-month rotations you'll explore different roles within procurement, will drive your own projects, negotiate with suppliers and work across our segments in our international teams. The decisions you will make in your roles will impact the way we do our business today for a better tomorrow.

Each placement is tailored to your personal development needs. We provide you with the right balance of challenge, support and fun to fast track your career in procurement. One role can be an international assignment.
